

Christ Episcopal Church Ponte Vedra Beach Polling location information

Christ Episcopal Church serves over 5,000 parishioners and the Christ Episcopal Church Preschool welcomes 275 students to our campus each week during the school year. Safety of our guests and students is of critical importance to the church and our families. To continue our long-standing relationship with St. Johns County and the voters of Precinct 404, we have agreed to again serve as a polling location, however the political signage and solicitation of voters will only take place in designated area and according to the laws of the State of Florida.

Because of school safety, restricted areas of our campus will be designated with appropriate signage and a St. Johns County Sheriff's Officer will be on site to assist with traffic control, especially during school drop-off and pick-up times. Christ Church retains the right to remove any signs placed outside of the designated area or left on campus after the election.

The photos below indicate the location of the covered, designated solicitation and signage area.

Parking Garage entrance to Christ Church at 400 San Juan Drive.

Designated solicitation and political signage area located immediately on the right as you enter the parking garage.
